

## Used machines | Injection moulding machines

New

### Arburg 270D 250-75

**no. S-0217**

**Manufacturer:** Arburg  
**Construction year:** 1989

#### Moulding unit

- clamp force: 250 KN
- tie bar distance: 270 x 270 mm
- mould opening: 325 mm
- mould measurement: 225/550 mm

#### Injection unit

- shot volume weight PS 49 cm<sup>3</sup>
- shot volume weight PS: 41 gr (Polystyrol)
- screw diameter: 25 mm
- injection pressure: 1670 bar

#### Control unit

- Hydronica D

#### General

- electric current required: 11,3 KW
- measurements: 3,7 x 1,8 m
- overall weight: 1,8 t

#### Accessories/equipment

- 3-fold core pull
- robot interface
- Klocke Handling KA 101/1400/25

#### Description

functional

Your all-in-one supplier for the plastic industry
