### Krauss Maffei KM 65-160 C2

**no. S-0246**

picture not available

**Manufacturer:** Krauss Maffei  
**Construction year:** 2000

#### Moulding unit

- clamp force: 650 KN
- tie bar distance: 405 x 405 mm
- mould opening: 500 mm
- mould measurement: 250 (750) mm

#### Injection unit

- shot volume weight PS 74 cm<sup>3</sup>
- shot volume weight PS: 68 gr (Polystyrol)
- screw diameter: 30 mm
- injection pressure: 2025 bar

#### Control unit

- NC 4 - System

#### General

- electric current required: 20,0 KW
- measurements: 3,81 x 1,40 x 2,0 m
- overall weight: 3,5 t
- oil fill: 270 Liter/ltrs.

#### running time:

- 52.960 (Std./hrs.)

#### Description

reconditioned with functioning guarantee
